

ACCESSING PAYCHECKS

*****IMPORTANT INFORMATION - PLEASE READ*****

We now have an online employee portal for the paperless delivery of paystubs. As of January 15, 2014 payroll, we will no longer send paper pay stubs for employees who receive direct deposit. All employees, including substitutes, need to set up their accounts as soon as possible. Employees who currently receive paper paychecks are urged to participate in the direct deposit program. Your first check will always be a “live” check.

Please go to the district’s website at www.evesham.k12.nj.us from any internet connected device. Click on the STAFF TAB and select Payroll and Benefits. You will then see two web addresses. The first address is what you should use to register for the portal. Once registered, you will use the second web address to log on and obtain your information. Please note, you will find your employee number on any recent paystub. Also, you will be responsible to print up your own W-2 each year from this site.
